Mr. Wayne P. Claus
National Plant Germplasm and Biotechnology Laboratory
APHIS PPQ NPGBL BARC EAST, Bldg. 580
Beltsville, MD 20705

Dear Wayne:

On June 17, 2008, I conducted an aerial detection survey for gypsy moth-caused tree defoliation at the National Plant Germplasm and Biotechnology Laboratory. I am pleased to report that no defoliation was detected at, or in the vicinity of, your site.

However, if you anticipate requesting either financial or technical assistance for gypsy moth control in 2009, please contact Brad Onken (304) 285-1546 or me (304) 285-1555 before August 22, 2008.

Please contact me at the above number if you have any questions regarding this aerial survey letter.

Sincerely,

Rodney L. Whiteman
